

## HABEL GmbH & Co. KG

**Company overview:** HABEL is setting benchmarks throughout Europe in the field of document management. Its experience ranges from simple archiving of incoming and outgoing documents to rapid information procurement to document interpretation with OCR and complex workflows. HABEL's strength lies in individual solutions for medium-size businesses. Projects have also been completed involving systems for large, well-known companies.

**Web site:** [www.habel.de](http://www.habel.de)

**Core competency:** Content Management, Email Archiving

**Product description:** At the press of a button, HABEL document management enables you to retrieve every bit of collected company information within seconds. Easy-to-use search interface to access any and all documents at any workplace at the same time. For the search, you can use individual index criteria or powerful full-text, or a combination of the two. Enter a search criterion and HABEL will fetch all the related documents. From the request to the invoice, from the pickup order to the proof of delivery, from the project idea to the conclusion of the project, file comfortably from your own workplace within a uniform company structure. No more multiple filings, running to the copier, cabinets, and other offices.

**Compelling differentiation:** HABEL's open interfaces allow you to connect with and integrate all administrative systems, such as ERP, PPS, financial accounting, personnel and shipping software and CAD programs. HABEL's permanent archiving conforms to regulations on recognized data carriers. Requirements from GoB, HGB and GDPdU are met.
