READ ME FIRST for IBM® System Storage® Products

Before you begin

Please provide this document to the Storage Administrator responsible for the maintenance and upkeep of this IBM System Storage Product.

For the Client Storage Administrator: Get Connected

Your IBM Storage System Product is designed to deliver high performance services with quality and satisfaction. As part of IBM's ongoing quality improvement processes, we periodically issue updates to our product which help improve overall quality and reliability. We communicate new information of this nature through IBM's MyNotifications process. The information available to you covers a broad range of materials including software knowledgebase documents, Preventative Service Planning information, fix information, security advisories, and more. Users may have multiple subscriptions and can be notified by email, web folder and/or syndication feeds (RSS, Atom) that new or updated content is available.

Registering for MyNotifications is strongly recommended to establish quick links to important information and to receive daily or weekly notifications of the following product specific information:

- Downloads and drivers
- Flashes
- Forums/discussion groups
- Problem solving information
- Product information and publications

To register for My Notifications, first establish an IBM ID and password at
https://www.ibm.com/account/myibm/profile.do?cc=us&lc=en&page=reg and then go to
https://www.ibm.com/support/mynotifications to set up your notification preferences.

Thank you for your prompt attention to this matter. We are proud to have you as a customer and are committed to keeping you satisfied with our products.
